| <p>The Mid-Sask team was pleased to provide a variety of training and collaboration opportunities for businesses and community groups within the region including the Destination Creation Course and Nail the Numbers: Cashflow Canvas. We also had the pleasure of supporting community initiatives like Powerplay Young Entrepreneurs, delivered in several Sun West School Division schools. The administration team was busy with site visits throughout the region to local businesses, business startup enquiries, business planning sessions, and loan applications while also updating internal processes to better serve our clients. The board of directors and staff are committed to supporting the regional economy and look forward to the opportunities this next year will bring.</p> | |
