

NORTHWEST COMMUNITY FUTURES is in your community

Meet the Board

DAVE MISCHUK joined the Board of Northwest Community Futures as a volunteer Director in 2002. After taking a year off, he returned to the board in 2017. He is a previous member of the Investment Committee and Planning & Policy Development Committee.

Dave owns and operates an autobody service, County AutoBody, situated on his elk ranch in the Rabbit Lake-Mayfair area of Saskatchewan. With over 37 years of experience, Dave repairs accident and collision damaged vehicles, and specializes in antique auto and classic car restoration. His stash of antiques includes 150 vintage “part” cars.

Dave was born in North Battleford and raised and educated in Mayfair. Although he worked in mining and auto parts sales, Dave’s love was auto body repair and restoration. In the early ‘80s, he and his wife, Maryann, purchased land, built their home, and started up Country Autobody. Dave and Maryann have 2 children: Adam and Desiree, and 2 grandchildren.

COMMUNITY INVOLVEMENT

Dave generously volunteers his time to community, neighbours and friends. He supports local projects, community fund raisers, skidoo rallies, and musters ticket purchasers for the annual Mayfair dinner theatre. He is the past treasurer of his community Church.

A FEW OF DAVE’S FAVORITE THINGS...

Place: Huatuco, Mexico
Pet: Sophie the dachshund, and Meadow the Springer Spaniel
Food: Everything

DID YOU KNOW...

The most influential person in Dave’s life is wife, **Maryann**
For Dave, the best things about living and working in rural Saskatchewan:

- 1) The seasons
- 2) The peace
- 3) The people
